

1. General Provisions

1.1. Postage of items that appear to be not complying with the terms and requirements of Universal Postal Convention and Regulation is prohibited. It is prohibited to send postal items aiming at supporting fraudulent acts or avoiding payment of the due sums to their full amount.

1.2. All countries or the operators appointed by them are entitled to establish additional prohibitions and restrictions in connection with the content of the postal items entering their countries, with the exception of those given herein below. Relevantly, when sending a postal item to a specific country, together with the below listed restrictions and prohibitions, the requirements established by the specific countries are applied as well. (Please find the link according to the countries of prohibited items)

2. Restrictions for All Categories of Postal Items

2.1. The below listed items cannot be placed into any category of postal items:

2.1.1. Narcotic and psychotropic substances, the illegal substances prohibited as per the definition of the International Committee for Drug Control or by another country of destination;

2.1.2. Items bearing rude or immoral nature;

2.1.3. Counterfeit and pirate articles;

2.1.4. Other articles bringing in and distribution which into the country of destination is prohibited;

2.1.5. The articles that with their nature or packaging may endanger the post office employees or the community, cause contamination or damage to other postal items, post office equipment or the property belonging to a third party.

2.1.6. Documents containing current or personal correspondence sent by the persons who do not appear as senders, addressees of the postal item or persons living with them.

3. Dangerous Goods

3.1. Sending dangerous goods with any category of postal items is prohibited.

3.2. Dangerous goods include:

3.2.1. Inert explosive device and ammunition, including inert missiles and shells and other similar articles as well as dummies or such devices and articles;

3.2.2. Radioactive substances;

3.2.3. Substances containing infection;

3.2.4. Lithium batteries, (both presented individually and those placed in equipment);

3.2.5. Other articles and substances that are assigned the status of dangerous goods according to the legislation in effect or may be assigned the status in future.

4. Live Animals

4.1. Sending live animals with any category of postal items is prohibited.

4.2. As an exception, the following animals can be sent in postal items containing written correspondence (except insured written correspondence):

4.2.1. Bees, leeches and silkworms;

4.2.2. Parasites and insects exterminating vermins that are meant for research of the mentioned insects, provided that such a postal item is exchanged between officially recognized institutions;

4.2.3. Drosophila family flies that are meant for biomedical research provided that such a postal item is exchanged between officially recognized institutions.

4.3. As an exception, the following can be placed into postal items:

4.3.1. Live animals postage of which is allowed postal regulations of the relevant countries and/or internal legislation of the parties concerned.

5. Sending Correspondence in a Parcel

5.1. The following articles cannot be shipped in a postage parcel:

5.1.1. Correspondence (except for archive documentation), that is exchanged between the persons who do not appear to be the senders, addresses of the parcel or persons living with them.

6. Coins, Banknotes and Other Precious Items

6.1. It is prohibited to send coins, banknotes or any securities to be paid to the person presenting it, travel cheques, platinum, gold, silver (both in the raw form and as items made of them), precious stones, jewellery and other precious articles:

6.1.1. In the form of written correspondence, without insuring it;

6.1.2. In the form of a parcel, without insuring it.

7. Printed Editions and Items for Sightless People

7.1. Printed editions and items sent to sightless people should not be accompanied by annotations and should not contain any document containing any current or personal correspondence.

7.2. Should not contain any post stamp, whether cancelled or not, as well as any document containing any monetary value except in cases when a postal item contains a

card, an envelope or a package in its contents with the sender's or his/her representative's address printed on it whose return cost has been prepaid.

8. Disposal of Prohibited Items

8.1. Postal items containing the articles provided in paragraphs 2.1.1; 2.1.2; and 3.2 are not subject to special shipment, delivery immediately to the addressee or return to the sender in any case whatsoever. In case if articles provided in paragraph 2.1.1 were found in the postal items in the course of transit shipment thereof, their disposal will take place in accordance with the country legislation. In the event if articles defined in paragraph 3.2 were identified during the the relevant designated operator will be entitled to take it out of the postal item and destroy it. The designated operator is also entitled to send the remaining part of the postal item to the address of destination and attach a note on destruction of a prohibited item in it.
